
THE EFFECTS.—Never did any poor men so completely overshoot the mark, as Messrs. Clayton, Cambreleng & Co. have done in the case of the report against the bank.—It was so wretchedly got up, its absurdities were so obvious, and its dishonest object so apparent, that its immediate effect was to create a rise of the stock it was intended to depreciate. It rose nearly one per cent. on Saturday; and such was the effect of the counter report, that it rose one and seven-eighths per cent. higher on Monday.
