

On Thursday the members of the Phi Kappa and the Demosthenian societies assembled at their halls, and having formed in inverse order, their orators in the rear, proceeded in procession around the campus. When they arrived at the Chapel the societies opened to right and left, and passed simultaneously from the rear of the line into the Chapel, their orators and officers in front. Judge CLAYTON represented the Demosthenian, and the Hon. Senator Berrien the Phi Kappa. We will not attempt to give an idea of the orators or their matter, as the orations will both be published. After the orations the societies again formed and returned in procession to their respective halls.
